APPENDIX I

Particulars regarding the Indian Railway Service of Engineers

(See Rule 2)

1. Appointments to the service will be on probation for a period of three years during which the service of the officer will be liable to termination by three

months' notice on either side. Probationary Officers will be required to undergo practical training for the first two years. Those who complete this training successfully and are otherwise considered suitable will be placed in charge of a working post, provided they have passed the prescribed departmental and other examinations. It must be noted that these examinations should, as a rule, be passed at the first chance and that save under exceptional circumstances, a second chance will not be allowed. Failure to pass any of the examinations may result in the termination of the service and will in any case involve stoppage of increments.

At the end of one year in a working post, the probationary officers will be required to pass a final examination, both practical and theoretical, and will, as a rule, be confirmed if they are considered fit for appointment in all respects. In cases where the probationary period is extended for any reason, the drawal of the first and subsequent increments on their passing the departmental examinations, and on being confirmed, will be subject to the rules and orders in force from time to time.

On appointment a probationer shall execute an agreement binding himself and one surety jointly and severally to refund in the event of his failing to complete the probation to the satisfaction of the Central Government any moneys paid to him consequent on his appointment as Probationer.

If for any reasons not beyond his control, a probationer wishes to withdraw from training or probation, he will be liable to refund the whole cost of his training and any other moneys paid to him during the period of his probation.

NOTE.—The period of training and the period of probation against a working post may be modified at the discretion of Government. If the period of training is extended in any case due to the training not having been completed satisfactorily, the total period of probation will be correspondingly extended.

2. (a) Probationers will not be permitted to apply for appointment elsewhere or appear for examination or selection for recruitment to other services.

(b) In cases where Probationers have already appeared at the Combined Competitive Examinations prior to their allotment to the Railway Service and qualify for appointment to services other than Railway Services, the question of their release from Railway Service will be considered only when they are prepared to refund in cash the cost of the training and other moneys paid to them during the period of their probation before they are actually relieved.

3. Probationers should have already passed or should pass during the period of probation an examination in Hindi in the Dev Nagari script of an approved standard. This Examination may be the Lower Standard Examination conducted by the Ministry of Defence or one of the equivalent Examinations recognised by the Central Government.

No probationary officer can be confirmed or his pay in the time scale raised to Rs. 450 per month unless he fulfils this requirement; and failure to do so will involve liability to termination of service. No exemption can be granted.

4. Officers of the Indian Railway Service of Engineers recruited under these regulations:—

(a) will be eligible to pensionary benefits; and

(b) shall subscribe to the State Railway (non-contributory) Provident Fund under the Rules of that Fund.

as applicable to railway servants appointed on the date they join service

5. Pay will commence from the date of joining service. Service for increments will also count from the same date. Particulars as to pay are contained in para. 9 of this Appendix.

6. Officers recruited under these regulations shall be eligible for leave in accordance with the rules for the time being in force applicable to officers of Indian Railways.

7. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other Railway. But the Government reserve the right to transfer such officers, in the exigencies of service, to any other Railway

or project in or out of India. Officers will be liable to serve in the Stores Department of the Indian Railways if and when called upon to do so.

8. The relative seniority of officers appointed under rule 3(a) will ordinarily be determined by their order of merit in the competitive examination. The Government of India, however, reserve the right of fixing seniority at their discretion in individual cases. They also reserve the right of assigning to officers appointed under rules 3(b), 3(c) and 4 positions in the seniority list at their discretion.

NOTE.—If the period of training and consequently the period of probation is extended in any particular case due to the training not having been completed satisfactorily, the officer concerned is liable to lose in seniority.

9. The following are the rates of pay admissible to officers appointed to the Indian Railway Service of Engineers:—

Junior Scale.—Rs. 400—400—450—30—600—35—670—E.B.—35—950.
 Senior Scale.—Rs. 700—(6th year and under)—40—1,100—50/2—1,250
 Junior Administrative grade.—Rs. 1,300—60—1,600.
 Senior Administrative grade.—Rs. 1,800—100—2,000—125—2,250

NOTE (i).—The scales of pay for the Junior Administrative grade and Senior Administrative grade as given above, are however, under reconsideration and are liable to revision

NOTE (ii).—Probationary officers will start on the minimum of the junior scale and will count their service for increment from the date of joining. They will, however, be required to pass any departmental examination or examinations that may be prescribed before their pay can be raised from Rs. 400 p.m. to Rs. 450 p.m. in the time-scale.

Increment from Rs. 400 to Rs. 450 will be stopped if they fail to pass the departmental examination within the first two years of the training and probationary period. In cases where probationary period is to be extended for failing to pass all departmental examinations within the stipulated period, on their passing the departmental examination, the drawal of the first and subsequent increments will be regulated by Rules and Orders in force from time to time.

10. The increments will be given subject to sub-para. to Note (ii) under para. 9 above, for approved service only, and in accordance with the rules of the Department.

11. Promotions to the administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection, mere seniority does not confer any claim for such promotion.

12. In all matters not specifically provided for herein, the probationary officers will be governed by the provisions of the Indian Railway Codes as amended from time to time and other orders issued by competent authorities in force.

APPENDIX I

Particulars regarding the Singal Engineering Department of the Superior Revenue Establishment of State Railways.

1. Appointments to the service will be on probation for a period of three years during which the service of the officers will be liable to termination by three

months' notice on either side. Probationary Officers will be required to undergo practical training for the first two years. Those who complete this training successfully and are otherwise considered suitable will be placed in charge of a working post, provided they have passed the prescribed departmental and other examinations. It must be noted that these examinations should, as a rule, be passed at the first chance and that save under exceptional circumstances, a second chance will not be allowed. Failure to pass any of the examinations may result in the termination of the service and will in any case involve stoppage of increments.

At the end of one year in a working post, the probationary officers will be required to pass a final examination, both practical and theoretical, and will, as a rule, be confirmed if they are considered fit for appointment in all respects. In cases where the probationary period is extended for any reason, the drawal of the first and subsequent increments on their passing the departmental examinations, and on being confirmed, will be subject to the rules and orders in force from time to time.

On appointment a probationer shall execute an agreement binding himself and one surety jointly and severally to refund in the event of his failing to complete the probation to the satisfaction of the Central Government any moneys paid to him consequent on his appointment as Probationer.

NOTE 1.—The period of training and the period of probation against a working post may be modified at the discretion of Government. If the period of training is extended in any case due to the training not having been completed satisfactorily, the total period of probation will be correspondingly extended.

NOTE 2.—On railways where there are specialised Tele-Communications posts, an additional training for a period of six months in Tele-Communications may be arranged in any particular case; in such cases, the period of probation in a working post referred to above will be reduced by six months.

2. (a) Probationers will not be permitted to apply for appointment elsewhere or appear for examination or selection for recruitment to other services

(b) In cases where Probationers have already appeared at the Combined Competitive Examinations prior to their allotment to the Railway Service and qualify for appointment to services other than Railway Services, the question of their release from Railway Service will be considered only when they are prepared to refund in cash the cost of the training and other moneys paid to them during the period of their probation before they are actually relieved.

Probationers should have already passed or should pass during the period of probation an examination in Hindi in the Dev Nagari script of an approved standard. This Examination may be the Lower Standard Examination conducted by the Ministry of Defence or one of the equivalent Examinations recognised by the Central Government.

No probationary officer can be confirmed or his pay in the time scale raised to Rs. 450 per month unless he fulfils this requirement; and failure to do so will involve liability to termination of service. No exemption can be granted

6. Officers recruited under these regulations shall be eligible for leave in accordance with the rules for the time being in force applicable to officers of State railways.

7. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other Railway. But the Government reserve the right to transfer such officers, in the exigencies of service, to any other Railway or project in or out of India. Officers will be liable to serve in the Stores Department of the Indian Railways if and when called upon to do so.

8. The relative seniority of officers appointed under rule 3(a) will ordinarily be determined by their order of merit in the competitive examination. The Government of India, however, reserve the right of fixing seniority at their discretion in individual cases. They also reserve the right of assigning to officers appointed under rules 3(b) and (c) and 4 positions in the seniority list at their discretion.

21. Probationers will also be required to pass a test in Hindi before confirmation.

APPENDIX I

Particulars regarding the Singal Engineering Department of the Superior Revenue Establishment of State Railways.

1. Appointments to the service will be on probation for a period of three years during which the service of the officers will be liable to termination by three months' notice on either side. Probationary Officers will be required to undergo practical training for the first two years. Those who complete this training successfully and are otherwise considered suitable will be placed in charge of a working post, provided they have passed the prescribed departmental and other examinations. It must be noted that these examinations should, as a rule, be passed at the first chance and that save under exceptional circumstances, a second chance will not be allowed. Failure to pass any of the examinations may result in the termination of the service and will in any case involve stoppage of increments.

At the end of one year in a working post, the probationary officers will be required to pass a final examination, both practical and theoretical, and will, as a rule, be confirmed if they are considered fit for appointment in all respects. In cases where the probationary period is extended for any reason, the drawal of the first and subsequent increments on their passing the departmental examinations, and on being confirmed, will be subject to the rules and orders in force from time to time.

On appointment a probationer shall execute an agreement binding himself and one surety jointly and severally to refund in the event of his failing to complete the probation to the satisfaction of the Central Government any moneys paid to him consequent on his appointment as Probationer.

If for any reasons not beyond his control, a probationer wishes to withdraw from training or probation, he will be liable to refund the whole cost of his training and any other moneys paid to him during the period of his probation.

NOTE.—The period of training and the period of probation against a working post may be modified at the discretion of Government. If the period of training is extended in any case due to the training not having been completed satisfactorily, the total period of probation will be correspondingly extended.

2. (a) Probationers will not be permitted to apply for appointment elsewhere or appear for examination or selection for recruitment to other services

(b) In cases where Probationers have already appeared at the Combined Competitive Examinations prior to their allotment to the Railway Service and qualify for appointment to services other than Railway Services, the question of their release from Railway Service will be considered only when they are prepared to refund in cash the cost of the training and other moneys paid to them during the period of their probation before they are actually relieved.

3. Probationers should have already passed or should pass during the period of probation an examination in Hindi in the Dev Nagari script of an approved standard. This Examination may be the Lower Standard Examination conducted by the Ministry of Defence or one or one of the equivalent Examinations recognised by the Central Government.

No probationary officer can be confirmed or his pay in the time scale raised to Rs. 450 per month unless he fulfils this requirement; and failure to do so will involve liability to termination of service. No exemption can be granted.

4. Officers of the Electrical Engineering Department of the Superior Revenue Establishment of Indian Railways recruited under these regulations—

(a) will be eligible to pensionary benefits; and

(b) shall subscribe to the State Railway (non-contributory) Provident Fund under the Rules of that Fund

as applicable to railway servants appointed on the date they join service.

5. Pay will commence from the date of joining service as a probationer. Service for increments will also count from the same date. Particulars as to pay are contained in para. 9 of this Appendix.

6. Officers recruited under these regulations shall be eligible for leave in accordance with the rules for the time being in force applicable to officers of Indian Railways.

7. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim as a matter of right, to transfer to some other Railway but the Government of India reserve the right to transfer such officers, in the exigencies of service, to any other railway or project in or out of India. Officers will be liable to serve in the Stores Department of Indian Railways if and when called upon to do so.

8. The relative seniority of officers recruited under rule 3(a) will ordinarily be determined by the order of merit at the end of their first four years' training while in the case of those recruited under rule 3(b) the relative seniority will ordinarily be determined by the order of merit in the competitive examinations. As between officers recruited under rule 3(a) and those recruited under rule 3(b) seniority will be determined on the basis of entry in the time scale subject to the intense seniority of each batch being maintained. The Government of India however reserve the right of fixing seniority at their discretion in individual cases. They also reserve the right of assigning to officers appointed under regulation 3(c) and 3(d) positions in the seniority list at their discretion.

Note.—If the period of training and consequently the period of probation, is extended in any particular case due to the training not having been completed satisfactorily, the Officer concerned is liable to lose in seniority.

9. The following are the rates of pay admissible to officers appointed to Mechanical Engineering and Transportation (Power) Department:—

Junior Scale: Rs. 400—400—450—30—600—35—670—E.B.—35—950.

Senior Scale: Rs. 700—(6th year and under)—40—1,100—50/2—1,250.

Junior Administrative Grade—Rs. 1,300—60—1,600.

Senior Administrative Grade—Rs. 1,800—100—2,000—125—2,250.

Note.—(i) The scales of pay for the Junior Administrative grade and Senior Administrative grade as given above, are however, under reconsideration and are liable to revision.

Note (ii).—Probationary officers will start on the minimum of the junior scale and will count their service for increments from the date of joining. They will, however, be required to pass any departmental examination or examinations that may be prescribed before their pay can be raised from Rs. 400 p.m. to 450 p.m. in the time scale.

Increments from Rs. 400 to Rs. 450 will be stopped if they fail to pass the departmental examination within the first two years of the training and probationary period. In cases where Probationary period is to be extended for failing to pass all departmental examinations, within the stipulated period, on their passing the departmental examination, the drawal of the first and subsequent increments will be regulated by Rules and Orders in force from time to time.

10. The increments will be given subject to sub-para. to note (ii) under para. 9 above, for approved service only, and in accordance with the rules of the Department.

11. Promotions to the Administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection; mere seniority does not confer any claim for such promotion.

12. In all matters not specifically provided for herein, the probationary officers will be governed by the provisions of the Indian Railway Codes as amended from time to time and other orders issued by competent authorities in force.

APPENDIX II
